Estd. : 2007

### 2.3.3 Webpage describing the “LMS/ Academic Management”

The learning management system used at Mksss Sitabai Nargundkar College of Nursing for Women in Nagpur is Google Workspace, formerly known as G-Suite. On February 11, 2022 this system was implemented at the institute. Our entire institute has access to Gmail accounts and the Office product suite thanks to G-Suite. We have email addresses that look like name@company.com, greater storage in Google Drive and simple user management with G-Suite Admin. It is the document tool set with the highest rating which is simplest instruments to operate among all the tools, it has the best teamwork.

#### **BENEFITS OF USING G Suite IN ACADEMIC MANAGEMENT SYSTEM**

- With customized accessibility settings that cater to each student's particular learning style, Google Work spaces facilitate an inclusive learning environment.
- To ensure the safety of your data, add users, manage devices, and adjust security and settings with ease. Limit remote access to any endpoint, distribute software on mobile devices, and stay safe on any device. Use automated data loss prevention (DLP) in Gmail and Drive to protect important data.
- G-Suite gives our institute a presence across a suite of online apps by allowing us to use a new, unique domain name and sign up for a number of Google services, including Gmail, Calendar, Contacts, Docs, YouTube, and even the brand-new Google+ social network.
- Gmail's web interface is available for use. There's a ton of cloud storage available online. We can work together with coworkers or even with other businesses. We can maintain device synchronization. It's elastic, so there's always space for improvement.

 Everything ran smoothly during recent reporting periods

Services	 AUG 2024	 JUL 2024	 JUN 2024	 MAY 2024
<b>Google Workspace</b>	<b>99.995%</b>	<b>99.995%</b>	<b>99.995%</b>	<b>99.989%</b>
